

SOUND NOMADEN

ARTIST SHEET - 2017

ABOUT

Sound Nomaden is the synonym for one of the most active DJ and Producer focused on Electro Swing and Melodic House based in Germany. He's a pioneer in mixing Swing, Jazz and World with House and Electro beats making every crowd getting totally crazy to his positive sound. His track "The Trumpet" got big support out of the worldwide Electro Swing scene and more than 2 Million plays on streaming platforms. Because of his well received Productions and Remixes and his numerous international live performances (among others Melbourne, Paris, London, Zurich, Berlin, Munich) he has been voted as „Best Electro Swing DJ Live Act“ in the Electro Swing Awards 2012.

After the release of his long awaited debut album "Madame" in 2014, Sound Nomaden constantly toured Clubs and Festivals all over Europe. In 2017 he's back on the road again to present his new EP "Electro Swing Is The Thing" and a brand new Set to his growing fanbase.

On Tour Sound Nomaden and his partner in crime MSP, who fascinates through his expressive Live-Sax performances create a perfect symbiosis between Live and DJ-Set, between old and new. Be prepared for a powerful vintage rave!
